23rd Annual Albany History Fair

***TODAY!* Sunday, May 1 -- 12 to 5 p.m.**

***Historic Cherry Hill
523 1/2 South Pearl St. Albany, NY 12202***

The Albany History Fair is back in-person at Historic Cherry Hill for the first time since 2019! This year's theme is "Albany and the Gilded Age." Public audiences and heritage partners will once again gather at Albany's Yellow House on the Hill to explore the Capital City's fascinating history.

From exuberant architecture and industrial tycoons to blue bloods, immigrants and labor unrest, we look forward to an afternoon of "digging in." You can expect scholars' talks, special tours, costume installations, period music, presentations on Cherry Hill's underrepresented Gilded Age stories, hands-on activities exploring "Getting Dressed in the Gilded Age," and a teaser performance of one scene from Swept Clean, an original play set at Cherry Hill in 1884.

Please stop by to visit the WCA table to learn about the Steefel family and how their house built in 1895 became the home of the Woman's Club of Albany. This is a free event.

Thursday, May 12 -- 6:30 p.m.

This month's grant recipient is Yamba Malawi, which works to meet the needs of young mothers and to end childhood poverty in Mangochi, Malawi. The grant will empower women, including many young mothers, to break the cycle of poverty for themselves and their children through a holistic, child-focused poverty graduation program.

This is a potluck dinner with a small educational component. Money that otherwise would have been spent on going out to dinner instead is donated.

If you would like to attend, contact [Rosemary Revoir](#).

LONG LOST by David Margulies

When troubled Rilly suddenly appears and tries to reinsert himself into the comfortable

When troubled Lily suddenly appears and tries to reinvent himself into the comfortable life his brother David has built with his philanthropist wife and college-age son, how much can family bonds smooth over past rifts? A riveting work from this Pulitzer Prize-winning dramatist.

May Member Monday

Monday, May 23 -- 6:00 p.m.

Join us for a relaxing and creative Member Monday as our new member Linda Fasano demonstrates Zentangle. Zentangle is an easy-to-learn, relaxing, and fun way to create beautiful images by drawing structured patterns. You create tangles with combinations of

dots, lines, simple curves, S-curves and orbs. These patterns are drawn on small pieces of paper called "tiles." The tiles can be assembled into mosaics. Zentangle art is non-representational and unplanned, so you can focus on each stroke and not worry about the result. No prior art experience is necessary. If you are interested in purchasing the starter kit you'll be using, bring \$5 to take it home with you.

Please [REGISTER TO ATTEND](#) so that we have enough materials for everyone.

Happy Half Hour - 6:00 p.m.

Pot Luck Supper - bring a dish or dessert to share - 6:30 p.m.

Zentangle activity - in the ballroom at 7:00 p.m.

Native Perennial Seed Saving Workshop

Saturday, May 7

10:30 a.m. to Noon

Shaker Heritage Society, 25 Meeting House Rd, Albany, NY 12211

\$5 SHS Members; \$10 Non Members

Sustaining Biological Diversity: How can you support our local ecosystem by saving and planting seeds from native plants?

The appearance of the Asian Jumping Worm in our region makes it harder to share plants among gardeners these days, but we can still share seeds.

Cornell Cooperative Extension Master Gardener Kathryn Adams Harter will discuss how to support our local ecosystem by saving and planting seeds from native plants. What are native plants, why are they important in our home gardens, how are seeds formed, and why should we save native seeds? Kathy will show us the ropes and explain how to collect, store, and germinate perennial seeds. She will also cover winter seed sowing basics, and the importance of milkweed and its specific germinating needs.

Note that this is a very traditional activity on the Church Family site, where the Watervliet Shakers developed the process of packaging seeds in small envelopes for sale to the World beginning in the 1790s. The program will include a brief introduction to the Shakers' seed industry.

Programs like grants to teachers and *Feed and Read* weekend backpacks help students to learn, grow and succeed.
